SANTA FE EXCURSION.

Shopmen Vote For Kansas City Al-

most Unantmously. There were more than one hundred tary, and the meeting was a very enthusiastic one. The report of the committee appointed to find out by vote where the shopmen wanted to go, reported that Kansas City had been selected by a big majority. The vote stood: Kansas City, 702; St. Joseph, 85; Leavenworth 65, and Ottawa 48

make the final arrangements as regards trains, time, etc., and to go to Kansas City Monday to make all necessary park arrangements. The men are largely in favor of Fairmount park, and the picnic will probably be held there.

A game of base ball is being arranged for the day and the contesting clubs will probably be the Capital Citys and the Santa Fes. Various other games are to be arranged. It will return Monday and another general meeting will probably another general meeting will probably be held at Trades Assembly hall that evening.

This excursion is for Santa Fe railway employes only and no other people will be allowed to go. There will be two trains of nine cars each and the first one will leave the Santa Fe passenger depot on Saturday morning, the 9th, at six o'clock. It is estimated that at least two thousand Santa Fe people will take advantage of this opportunity to have a big day off and enjoy it. The round trip fare will be fifty cents and the train will leave Kansas City to return at eight

A new and amusing story has devel-oped in regard to the difference that lately existed between the Santa Fe shop employes and the management of the road, over the rate to be charged the men for their excursion next Saturday. It will be remembered that the road wanted seventy-five cents per man and would carry them for no less, and the men were equally persistent in their demand for a fifty cent rate, and declared they would pay no more, and there the matter hung. Just at this interesting point the Rock Island broke into the arena with a proposition to haul any number of the Santa Fe employes to McFarland and return for fifty cents and be glad to do it. But the excursionists preferred to go over their own road, and McFarland couldn't hold a candle to Kansas City for attractiveness.

Cook presided, and James Verlins was secretary, and the meeting was a very enthuletter today says: "I beg to say that am correctly reported to this extent, said in my canvass two years ago and say now that, governor, as I am, I would lead a mob to lynch any man white or black who had ravished any woman white or black.

"I am on record as having asked the legislature to give me power to remove any sheriff who allowed a prisoner to be lynched within his custody. I have ordered out the militta to protect prisoners whenever called on by sheriffa. I am opposed to lynch law for anything but rape. That is a crime which, ih my opinion, places any man beyond the pale of the low and puts him below the brutes. The southern people are not blameless in dealing with the question of lynching, but all of our lynchings are not of negroes, and but for the fact that every outbreak of the kind is used as a text by Bourblion payments at all of the control of the population. text by Republican newspapers to slander and misrepresent our people they would excite no more comment than elsewhere in the United States.
